- [ExamInLab: For Students](#)
 - [At the beginning](#)
 - [During exam](#)
 - [At the end](#)
 - [src.zip](#)
-

At the beginning

1. **Communication devices.** Leave all communication devices, including phones, smart watches.
 2. **Restart.** Restart your computer if it is not already restarted.
 3. **Download** Download the material from YULearn.
-

During exam

1. **StudentInfo.** Fill `cis000_common.StudentInfo` with your info.
 2. **Open pdf files.** It is not recommended to opening `.pdf` files in eclipse.
 1. Right click on the `.pdf` file.
 2. `Open With` > `Default Editor` (or `System Editor`)
-

At the end

src.zip

1. Right click on `src`.
2. Select `Show in` > `System Explorer` to open `src` in the System Explorer.
3. Compress `src` directory in zip format. Make sure that the name of the compressed file is `src.zip`.

Warning. Only `zip` compression is accepted. Other compressions such as `rar` is not accepted.

4. Upload `src.zip` to YULearn.
